### **RT MINERALS CORP. COMMENCES FIELD WORK ON THE GOLDEN PROPERTY ADJOINING WEST TIMMINS MINING AND LAKESHORE GOLD CORP. PROPERTIES**

Vancouver, B.C. – RT Minerals Corp. (the “Company”) announces that it has commenced field work on its Golden Property near Timmins, Ontario.

An excavator is onsite and a trenching and prospecting program has started on the ~4km by ~6km property.

A field crew is prospecting and evaluating historical trenches on the east side of the property where assays from grab samples from trench material yielded past values of up to 0.32 opt Au and historic drilling by Keefer Lake Resources intersected 7 g/t Au over 0.60m. Follow up prospecting and sampling is also planned on the western side of the property where historic values from grab samples assayed up to 15.6 g/t Au (0.50 opt Au).

The Destor Porcupine fault system traverses the entire property and will also be evaluated.

Follow up line cutting and a geophysical program will commence upon completion of the trenching and prospecting programs.

The Qualified Person for the Golden Property is Mr. Robert Laakso, P.Eng., and he has reviewed the contents of this release.
