(Expressed in Canadian Dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

RT Minerals Corp. (the "Company") was incorporated under the Business Corporations Act of British Columbia on March 9, 2007. The Company's business activity is the exploration and evaluation of mineral properties in Canada. The Company is listed on the TSX Venture Exchange ("TSXV"), having the symbol RTM-V, as a Tier 2 mining issuer.

The address of the Company's corporate office and principal place of business is Suite 1210 - 1130 West Pender Street, Vancouver, British Columbia, Canada.

As at May 31, 2023, the Company had not yet determined whether the Company's mineral property assets contain ore reserves that are economically recoverable. The recoverability of amounts shown for exploration and evaluation assets is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and the future profitable production from the properties or realizing proceeds from their disposition. The Company has not generated revenue or cash flows from operations and as at May 31, 2023, has a working capital surplus of \$49,999 and has accumulated losses of \$18,022,062. The Company's ability to continue its operations, develop its properties and to realize its assets at their carrying values is dependent upon obtaining additional financing and generating revenues sufficient to cover its operating costs. Management is of the opinion that sufficient working capital will be obtained from external financing to meet the Company's liabilities and commitments as they become due, although there is a risk that additional financing will not be available on a timely basis or on terms acceptable to the Company. These factors form a material uncertainty which may cast significant doubt upon the Company's ability to continue as a going concern.

These consolidated financial statements do not give effect to any adjustments which would be necessary, should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in these consolidated financial statements.

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Statement of Compliance

These condensed consolidated interim financial statements for the six month period ended May 31, 2023 have been prepared in accordance with IAS 34 Interim Financial Reporting. They do not include all disclosures that would otherwise be required in a complete set of financial statements and should be read in conjunction with the Company's 2022 annual financial statements which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

The condensed consolidated interim financial statements have been prepared using accounting policies consistent with those used in the Company's 2022 annual financial statements except for new standards, interpretations and amendments mandatorily effective for the first time from January 1, 2022. Note 3 sets out the impact of new standards, interpretations and amendments that have had a material effect on the financial statements.

The condensed consolidated interim financial statements were authorized for issue by the Board of Directors on July 6, 2023.

(Expressed in Canadian Dollars)

2. BASIS OF PREPARATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Statement of Compliance (continued)

The preparation of condensed consolidated interim financial statements in compliance with IAS 34 requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas where significant judgments and estimates have been made in preparing the financial statements and their effect are disclosed in Note 3.

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned dormant subsidiaries, Catharine Gold Inc. ("CGI") and RT Minerals Corp (Guyana) Inc. ("RTMG"). RTMG was incorporated in Guyana. Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

Foreign Currency Translation

The presentation currency and functional currency of the Company and its Guyana subsidiary is the Canadian dollar as this is the principal currency of the economic environment in which they operate. The Company's Guyana subsidiary is financially and operationally dependent on the Company. The Company translates transactions in foreign currencies into Canadian dollars at the rates of exchange prevailing at the dates of the transactions. Monetary assets and liabilities are translated at the exchange rates in effect at the consolidated statement of financial position date. Non-monetary assets and liabilities are translated at historical rates. The resulting exchange gains or losses are recognized in comprehensive loss.

Equipment

Equipment is recorded at cost, less accumulated depreciation. Depreciation is calculated using the following rates and methods:

Computer equipment - 20% straight line basis

New Accounting Standards, Interpretations and Amendments to Existing Standards

A number of new or amended accounting standards are scheduled for mandatory adoption on or after December 1, 2023. The Company has not early adopted these new standards in preparing these consolidated financial statements. These new standards are either not applicable or are not expected to have a significant impact on the Company's consolidated financial statements.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

There have been no material revisions to the nature of judgments and amount of changes in estimates of amounts reported in the Company's 2022 annual financial statements.

The Company completed the acquisition of CGI on July 14, 2021 and the shares were issued with a fair value of \$1,470,000. The shares were subject to a multi-year escrow release under a TSXV Tier 2 Escrow Surplus Agreement (the "Escrow Agreement", Note 8(e)). CGI held the mineral rights to 9,944 hectares of mineral properties (the "Catharine Gold Property" or the "Claims") contiguous to the Company's optioned Link-Catharine RLDZ property. The Catharine Gold Property was subject to a 2% retained royalty.

The Company abandoned the Catharine Gold Property and returned the Claims to the Crown effective April 12, 2022 as it was unable to reach an agreement with the original vendors to return the Claims to them. The abandonment of the Claims resulted in a requirement under the Escrow Agreement and the policies of the TSXV to cancel the 1,890,000 Surplus Escrow Shares remaining in escrow, as described in Note 8(e). The remaining Surplus Escrow Shares were cancelled effective April 28, 2022. The Company fully impaired the Catharine Gold Property as at November 30, 2021.

7. LOAN PAYABLE

On April 30, 2020, the Company received a loan from the Canadian government's Canada Emergency Business Account ("CEBA") Program in the amount of \$40,000. The CEBA is a government guaranteed loan of up to \$40,000 that was initially interest-free until December 31, 2022 and was further extended until December 31, 2023 by the government. The loan is available to help businesses with operating costs during COVID-19. Twenty-five percent of the loan amount (\$10,000) is eligible for forgiveness as long as the business pays back \$30,000 on or before December 31, 2023. If the business cannot pay back the loan by December 31, 2023, it will be converted into a two-year term loan at an interest rate of 5% commencing January 1, 2024. The Company did not repay any loan instalments during the period.

On January 31, 2023, an amount of \$126,537 in severance, consulting fees, expenses and GST payable to the former Chairman, CEO and President of the Company was converted into a demand loan bearing interest at 8% per annum and payable on demand after March 31, 2023. On May 1, 2023, the Company repaid \$25,737 in loan principal along with interest of \$2,385. As at May 31, 2023, the loan principal outstanding was \$100,800 and loan interest payable was \$685.

On January 31, 2023, an amount of \$41,475 in consulting fees and GST payable to a company controlled by the son of the former Chairman, CEO and President of the Company was converted into a demand loan bearing interest at 8% per annum and payable on demand after March 31, 2023. On May 1, 2023, the Company repaid the loan principal along with interest of \$782.

10. RELATED PARTY TRANSACTIONS

All related party transactions are recorded at the exchange amount which is the amount agreed to by the Company and the related party.

a) Key Management Compensation

Key management personnel are persons responsible for planning, directing and controlling the activities of an entity, and include directors, the chief executive officer and chief financial officer of the Company. Key management personnel compensation is comprised of the following:

	2023 \$	2022 \$
Short-term employee benefits and director fees	53,000	50,000
	53,000	50,000

The Company has entered into an Officer Agreement with the Company's Chief Executive Officer and President (the "President") effective November 1, 2021 for no fixed term for compensation of a monthly salary of \$1,500. During the period ended May 31, 2023, the Company recorded \$9,000 (2022 - \$9,000) in executive salary payable to the President and an additional \$15,000 (2022 - \$5,000) in project management fees.

The Company has entered into an Employment Agreement with the Company's Chief Financial Officer ("CFO") effective December 1, 2018 for a 12-month term ended November 30, 2019 that was subsequently amended to no fixed term. As compensation for the services to be provided, the CFO will receive a monthly fee of \$3,000 with a provision for severance of \$20,000 in the event that the Agreement is terminated or not renewed. 11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Fair values

The Company's financial instruments include cash, short-term investments, trade and other payables, amounts due to related parties and loan payable. The fair value of these financial instruments approximates their carrying values due to the relative short-term maturity of these instruments.

The following table summarizes information regarding the carrying and fair values of the Company's financial instruments:

	May 31, 2023		Novemb	per 30, 2022		
	Fair Value Carrying Value		Fair Value	Carrying Value		
	\$	\$	\$	\$		
FVTPL assets (i)	321,805	321,805	154,230	154,230		
Amortized cost liabilities (ii)	331,067	331,067	541,146	541,146		

⁽i) Cash and short-term investments

The Company classifies its fair value measurements in accordance with an established hierarchy that prioritizes the inputs in valuation techniques used to measure fair value as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 Inputs for the asset or liability that are not based on observable market data.

The following table sets forth the Company's financial assets measured at fair value on a recurring basis by level within the fair value hierarchy as follows:

As at May 31, 2023	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Cash	321,805	-	-	321,805

The Company believes the recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates.

The Company's financial instruments are exposed to certain financial risks: credit risk, liquidity risk, market risk and currency risk.

Credit risk

Credit risk is the risk of an unexpected loss associated with a counterparty's inability to fulfil its contractual obligations. The primary sources of credit risk for the Company arise from its financial assets consisting of cash and cash equivalents. The carrying value of these financial assets represents the Company's maximum exposure to credit risk. To minimize credit risk, the Company only holds its cash and term deposits with high credit chartered Canadian financial institutions. As at May 31, 2023, the Company has no financial assets that are past due or impaired due to credit risk defaults.

⁽ii) Trade and other payables, due to related parties and loan payable

11. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONTINUED)

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations with respect to financial liabilities as they fall due. The Company's financial liabilities consist of its trade and other payables, amounts due to related parties and loan payable. The Company has a working capital surplus of \$49,999 as at May 31, 2023 and requires additional financing for operations and to meet its current obligations. The Company handles its liquidity risk through the management of its capital structure as described in Note 12.

The following are the contractual maturities of financial liabilities as at May 31, 2023:

	Carrying Amount \$	Contractual Cash Flows	Within 1 year \$	Within 2 years \$	Within 3 years	Over 3 years \$
Trade payables	184,289	184,289	184,289	-	-	-
Due to related parties	5,978	5,978	5,978	-	-	-
Loan payable	140,800	140,800	100,800	-	40,000	_
Total	331,067	331,067	291,067	-	40,000	-

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, investment fluctuations, and commodity and equity prices. Market conditions will cause fluctuations in the fair values of financial assets and cause fluctuations in the fair value of future cash flows for assets or liabilities. The Company is not exposed to significant interest rate risk as the Company has no fluctuating interest bearing debt. The Company's ability to raise capital to fund exploration or development activities is subject to risks associated with fluctuations in gold and metal prices. Management closely monitors commodity prices, individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.

Currency risk

Foreign currency risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the respective functional currencies. The Company is not exposed to currency risk because all financial instruments are denominated in Canadian dollars, the Company's functional currency.

12. CAPITAL MANAGEMENT

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern such that it can support continued development of its exploration and evaluation assets, pursue the acquisition and exploration of other mineral interests, and to maintain a flexible capital structure for its projects for the benefit of its shareholders and other stakeholders. The Company is not exposed to externally imposed capital requirements.

The Company considers items included in equity to be capital. The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust its capital structure, the Company may issue new shares, sell assets to settle liabilities, option its properties for cash from optionees, enter into joint venture arrangements, return capital to its shareholders or adjust the amount of cash.
